RIALTO

# DINING CHAIRS & STOOLS

We have a large range of timber chairs and stools, some in American Ash from Vietnam (Phoenix, Rialto & Torino) and others made from European Beech from a factory in Poland called Fameg (Princess & Florence). They can all have custom upholstered pads or we offer a stockline in black vinyl. We carry multiple stain finishes in both variations from light oak, natural, walnut and black. We recommend these chairs and stools for hospitality dining environments and office applications.

# 02

## UPHOLSTERED CHAIRS & STOOLS

There is an extensive range of chairs and stools available in a large array of Warwick fabrics and Ezfurn vinyls. Our most popular being the Albury design in side, arm and XL chairs and stools. We have multiple leg option available which can be interchanged within our different shell options (Albury range, Chevron, Coogee, Hugo and Bronte). These frames come in various finishes making it very unlikely that you won't find a design of choice. These chairs and stools are commercially rated and are made for repetitive use and high traffic environments. Dependant on the style they can be used in hospitality, accommodation or office environments.

## **OTTOMANS & BENCHES**

We have a limited range of ottomans and benches but this doesn't mean they are not popular. They are available in 3 colours of vinyl black, blue or red, but also have the option to custom upholster. These are best suited in education and hospitality applications but can be easily customised and used in office environments as well.

LUXOR

# GAMING STOOLS

We have 4 gaming stool designs with a variation of bases that are interchangeable. These are sturdy stools built for comfort and durability featuring a heavy duty non return swivel. They come in vinyl black, but can be custom upholstered for indent project orders. Apart from the Macau, they all feature a handle for easy mobility and use. The Trump is our newest addition to our range and it is our only gaming stool with arms making it highly desirable.
